S4 Inc. Celebrates 20-Year Anniversary

Bedford, MA April 12, 2019— S4 Inc., a small business specializing in Enterprise Information Technology Solutions, Cybersecurity and Professional Services, is celebrating its 20-year anniversary. Started in 1999 with just one full time employee, S4 Inc. has grown into a multi-million dollar defense contractor serving US Government, Department of Defense and Department of Homeland Security agencies across the United States.

The company's focus is on delivering leading edge solutions to both peacetime planners and war fighters that enhance capabilities and facilitate mission success.

“A lot has changed over the past 20 years, but one thing that has remained constant is S4's commitment to our customers and employees,” commented Chandu Shah, President and CEO of S4 Inc. “We have an amazing team with the agility and talent to meet even rapidly changing requirements. I am proud of what the S4 Team has accomplished thus far, and excited for what lies ahead.”

According to data from the U.S. Bureau of Labor Statistics, only about 35 percent of small businesses survive over 10 years. Our company knows that we could not have achieved this milestone without the support of our customers and partners, and extends our gratitude to all who have helped us get where we are today.

About S4 Inc.

S4 Inc. is a Small Disadvantaged Business (SDB) specializing in Enterprise Information Technology (IT) Services, Cybersecurity, and Professional Services.

S4 delivers mission critical support to the Department of Homeland Security (DHS), the Department of Defense (DoD), the US Government, and subordinate agencies and commands. We have assembled the resources and domain knowledge to deliver leading edge solutions to both peacetime planners and war fighters within scope, on time and within budget. Headquartered in Bedford, MA, S4 has offices in Colorado Springs, CO, Dayton, OH, Huntsville, AL, and Omaha, NE, as well as project sites across the United States. S4 Inc. is committed to quality, and holds an ISO 9001:2015 certification as well as a CMMI-SVC Maturity Level 2 rating.
